Step 2

The syndicate manager chooses the **Assign Proxy** button.

Breeders' Cup

Search for other voters below to assign a proxy. If you wish to search the existing nominator list, please type a portion of the name in the First Name field and select **'Search to Assign Proxies'**. For Example: If you are searching for John Doe, type 'John D' in the first name field and search. Existing nominators may only be found by searching in the First Name field.

If you wish to create a new proxy, select **'Add New Proxy'**. Please provide the proxy's email address and provide the First Name and Last Name and enter the number of votes from your total that you wish to assign. You may assign all of your votes or a portion of your votes.

Important: a Proxy must be assigned before your votes are cast. Once your votes are cast, you (the nominator) may not assign a proxy.

Note: Voters who have already voted will not be eligible for acting as a proxy.

Step 4

After searching, if the individual name is found, the syndicate manager clicks on the **Select As Proxy** button to the right of the individual's name and proceeds from there following the instructions on screen.

If the name of individual member of the syndicate is not found, the syndicate manager clicks on the **Add New Proxy** button and simply provides the name of the individual, his or her email address and the number of votes being assigned. The syndicate manager may perform Step 4 as many times as is needed to distribute votes to shareholders.

Step 5

The stallion manager simply provides the name of the individual, his or her email address and the number of votes being assigned and clicks **Submit**.

From that point, the syndicate manager has no further responsibility. The election provider will email the new individual a User ID, passcode and the number of votes he or she received.

The syndicate manager is now free to select Start on the election home page and begin to cast his remaining votes for up to 13 candidates.
